Dear BASE Parents and Guardians,

Adams 12 Five Star Schools recognizes the importance of convenient and dependable child care for families at an affordable price. Fees for our Before and After School Enrichment (BASE) program have remained the same for the last two school years, while providing your children with a safe, quality and affordable group care in the school setting.

Over the past two years, costs to operate the BASE program have continued to rise. Due to increasing operational costs, child care costs and an increase to Colorado's mandatory minimum wage requirement, BASE program rates will increase, based on hours of care provided, at all locations starting with the 2018-2019 school year.

To find the 2018-2019 rate for your BASE program, visit www.adams12.org/BASE-Rates

The goals of the BASE program will not change. Adams 12 Five Star Schools remains dedicated to delivering quality before and after school programs for children to be enriched with various experiences conducive to their academic, social and physical development. BASE programs at all locations will continue to:

- Provide before and after school snacks
- Offer extended hours for child care [Open: 6:30 a.m.; Close: 6 p.m.]
- Staff at a 1 to 12 ratio
- Provide students with a variety of daily activities including arts, crafts, science, literacy and technology
- Provide a variety of field trip destinations

Thank you for your trust and support. We take pride in having your child(ren) participate in our BASE program. If you have any questions, please contact your schools [BASE Site Director](#) directly. Enjoy your summer and we'll see you in the fall for another great year!

Sincerely,

Adams 12 Five Star Schools
